

Community Advisory Team Meeting Minutes  
November 22, 2010  
Location: West Elementary Library

Meeting called to order at 6:30 p.m.

Present:

Cathy Reash	Chris Gaines	Mary Ann Barton	Shawn Brown
Geri Tucker	Jackie Stewart	Jo Balven	Chad Hodges
David Buck	Kathy Pieper	Michelle Reigh	

Members were given an attendance history and list of members. A discussion was then held about contacting those who rarely attend to check their interest level in continuing to participate and subsequently the organization/entity they represent. The CAT capacity was built around 40 members while attendance is typically around 17.

Dr. Gaines discussed the accountability plan the district will have to write and structures related to it. The previously emailed accountability plan planning document was referenced during the discussing. The consensus was that the proposal should work smoothly so new groups with similar tasks don't have to be formed.

The discussion then turned to the CAT Steering Committee formation as part of the accountability plan development. The group was okay with the proposed make-up of the CAT-SC. After reviewing the attendance history and member list the persons below were named to serve on the CAT-SC.

Co-Chairs	Chad Hodges Rebecca Bauer
Community/Parent	Jackie Stewart Patsy Jones Cathy Reash Geri Tucker
School Personnel	Chris Gaines David Buck Shawn Brown Michelle Reigh 2 teachers

Dr. Gaines left his computer in the office because it was pouring down rain when he left. He described the new high school property, but did not show photos.

Dr. Gaines spoke about state funding issues with the foundation formula and the wild swings in best and worst case scenarios. There was also discussion of the current political landscape and its impact on education policy.

The next meeting is January 24.
